Vikas Gandhi vs ACKO General Insurance | Complaint: NOI-H-056-2526-0961

Date: 24 June 2026 | Claim: ₹Amount: ₹37,358 + ₹10,000 compensation

🎯 APNA CASE EK LINE MEIN (Ek Baar Dimag Mein Bitha Lo)

"ACKO ne meri claim galat clause 4.1.2 lagakar reject ki, jabki meri bimari us clause ki kisi bhi listed disease mein shamil hi nahi hai. Surgery ek medical emergency thi, cosmetic nahi."

🎯 APNA CASE EK LINE MEIN

"Policy ki Annexure mein item #14 kehta hai — genitourinary surgery tab cover hogi jab 'necessitated by malignancy' ho. Biopsy ne Lichen Sclerosus (BXO) confirm kiya — yeh ek pre-malignant condition hai jisme penile cancer ka direct risk hota hai. Isliye meri surgery malignancy se necessitated thi — aur clause ka exception mere case mein apply hota hai."

⚖️ SECTION 2: POLICY KA ACTUAL CLAUSE — WORD FOR WORD

Policy Annexure — Specific Illness List, Item #14:

"Any Surgery of the genitourinary system *unless necessitated by malignancy*"

Iska Hindi Matlab:

- Genitourinary (peshab-prajanantang) system ki surgery = 2 saal waiting period
- LEKIN — EXCEPTION: Agar surgery malignancy (cancer) ke kaaran zaruri ho, toh waiting period NAHI lagti

🌟 SECTION 3: AAPKE 53 SABSE STRONGPOWERFUL ARGUMENTS

✓ ARGUMENT 1 — SABSE IMPORTANT: Bimari listed hi nahi hai!

✓ ARGUMENT 1 — SABSE STRONG: BXO ek Pre-Malignant Condition Hai

Kya bolein:

"Sir/Ma'am, ACKO ne Clause 4.1.2 (Specific Illnesses) ki waiting period apply ki. Lekin uss clause mein jo bimariyon ki list hai, usme 'Tight Phimosis with Balanitis with Meatal Stenosis' ka koi ullekh nahi hai. Waiting period sirf listed bimariyon pe lagti hai. Meri bimari list mein nahi hai, isliye waiting period hi apply nahi hoti."

Ek line mein: "Jo list mein nahi, uske liye waiting period kaise?"

"Sir/Ma'am, clause mein likha hai — 'unless necessitated by malignancy.' Meri biopsy report mein **Lichen Sclerosus (BXO — Balanitis Xerotica Obliterans)** confirm hua. BXO medically ek pre-malignant condition hai — isme penile squamous cell carcinoma yaani penis ke cancer ka 4 se 6 percent risk hota hai. Surgery isliye ki gayi ki cancer rule out kiya ja sake aur pre-malignant tissue remove ho. Yeh surgery **malignancy se necessitated thi** — isliye clause ka exception mere case mein exactly apply hota hai."

Ek line mein: "Biopsy mein pre-malignant BXO confirm hua — malignancy se surgery necessitated thi — exception clause lagta hai."

✓ ARGUMENT 2: Medical Emergency — ~~thi~~Urinary ~~cosmetic~~nahiObstruction

Kya bolein:

"Yeh surgery ek medical emergency thi. Mujhe urinary obstruction — yaani peshab band hone ki takleef thi. Doctor ne turant surgery ki salah di. Biopsy mein Lichen Sclerosus (BXO) confirm hua joki ek serious medical condition hai. Yeh koi cosmetic ya optional surgery nahi thi."

Ek line mein: "Jab peshab band ho raha ho, woh emergency hai, choice nahi."

✓ ARGUMENT 3: Biopsy ne serious bimari confirm ki

"Mere case mein Meatal Stenosis thi — peshab ki nali tang ho gayi thi. Iska matlab tha urinary obstruction — peshab band hone ki emergency. Agar surgery na hoti, toh urinary tract infection aur kidney damage ka serious risk tha. Yeh koi optional ya cosmetic surgery nahi thi — yeh ek acute medical emergency thi."

Ek line mein: "Peshab band hone ki emergency mein waiting period kaise lagayi?"

✓ ARGUMENT 3: Phimosis Policy Inception Par Existed Nahi Tha

Kya bolein:

"Biopsy ki report mein Lichen Sclerosus (Balanitis Xerotica Obliterans — BXO) confirm hua. Yeh ek recognized medical condition hai. Iska matlab yeh bhi hai ki cancer ki possibility ko rule out kiya gaya. Agar surgery na hoti, toh condition aur bigad sakti thi."

Ek line mein: *"Biopsy ne prove kiya — yeh real bimari thi, cosmetic nahi."*

✓ ARGUMENT 4: Policy active thi, koi gap nahi

Kya bolein:

"Meri policy claim ke time poori tarah active thi. Saari premiums time par bhari gayi hain. Policy mein koi break nahi aaya. Yeh fresh policy thi aur claim ke din yeh valid thi."

Ek line mein: *"Policy valid thi, koi excuse nahi banta rejection ka."*

✓ ARGUMENT 5: Natural Justice ka ullanghhan

Kya bolein:

"ACKO ne mujhe apni baat rakhne ka koi mauka nahi diya. Claim ek hi baar mein seedha reject kar diya bina koi proper investigation kiye. IRDAI ke guidelines ke mutabiq, insurer ko policyholder ko hearing ka mauka dena chahiye. Yeh Natural Justice ka ullanghhan hai."

Ek line mein: *"Meri baat sune bina hi reject — yeh niyam ke khilaf hai."*

"Proposal form mein aur meri medical history mein sirf Obesity declare ki gayi thi. Koi genitourinary condition pehle se nahi thi. ACKO ne bhi policy issue karte waqt koi aisi condition note nahi ki. Yeh condition policy ke baad nayi paida hui. Isliye pre-existing disease ka sawaal hi nahi uthta."

Ek line mein: *"Policy lene pe sirf Obesity declare thi — Phimosis naya condition tha, pehle se nahi tha."*

🛡️ SECTION 4: ACKO KYA BOL SAKTA HAI — AUR AAPKA JAWAB

ACKO bolega	Aap bolein
"Phimosis Clause 4.1.2 mein covered hai"	"Sir, please policy ki actual list dikhayein — meri diagnosis us list mein nahi hai. Sirf kehna kaafi nahi, document chahiye."
"Yeh pre-existing condition thi"	"Policy lene se pehle maine koi aisi condition declare nahi ki, aur ACKO ne bhi koi aisa condition note nahi kiya at the time of policy issuance."
"Circumcision ek known exclusion hai"	"Circumcision for medical necessity (jaise BXO/Lichen Sclerosus) alag hai cosmetic circumcision se. Biopsy report dekhien."
"Waiting period saari surgeries pe lagti hai"	"Waiting period sirf listed conditions ke liye hai. IRDAI ka MHIP circular bhi yahi kahta hai."
"Hum saare customers ke saath same standard apply karte hain"	"Standard tabhi sahi hai jab sahi clause apply ho. Galat clause apply karna standard nahi hai."

ACKO bolega	Aap bolein
"Circumcision genitourinary surgery hai — waiting period lagti hai"	"Haan, lagti hai — LEKIN clause mein exception hai: 'unless necessitated by malignancy.' Biopsy mein BXO confirm hua — yeh pre-malignant condition hai, cancer ka direct risk."

ACKO bolega	Aap bolein
"Biopsy ne cancer RULE OUT kiya, isliye malignancy nahi hai"	"Sir, BXO itself ek recognized pre-malignant condition hai medically. Surgery isliye ki gayi ki malignancy investigate karein aur pre-malignant tissue hataayein. 'Necessitated by malignancy' ka matlab sirf confirmed cancer nahi — malignancy risk bhi shamil hai."
"Yeh elective/optional surgery thi"	"Bilkul nahi. Urinary obstruction ek acute emergency thi. Doctor ne turant surgery ki salah di. Elective matlab optional hota hai — peshab band hone par surgery optional nahi hoti."
"Pre-existing condition thi"	"Proof kahan hai? Proposal form mein sirf Obesity declare tha. ACKO ne bhi policy issuance ke waqt koi genitourinary condition note nahi ki. Naya condition tha."
"Clause 4.1.2 clearly apply hoti hai"	"Clause apply hoti hai — lekin uski exception bhi apply hoti hai. ACKO ne exception ko ignore kiya. Poora clause padhna hoga, sirf ek hissa nahi."

 SECTION 5: OPENING STATEMENT — KYA BOLEIN SABSE PEHLEWORD FOR WORD

(Jab Ombudsman pooche ki aap kya kehna chahte hain, yeh bolein)(Jab Ombudsman pooche "aap kya kehna chahte hain")

"Sir/Ma'am, namaskar. Mera naam Vikas Gandhi hai. Complaint number NOI-H-056-2526-0961. Mere saath ACKO ne kya kiya — maine 20-21 June 2025 ko medical emergency mein surgery karayi. Doctor ne urgent bataya tha. Meri bimari thi Tight Phimosis with Balanitis with Meatal Stenosis. Biopsy mein Lichen Sclerosus confirm hua. ACKO ne meri claim ₹37,358 ki reject kar di, reason diya Clause 4.1.2 — Specific Illness waiting period. Lekin Sir, meri bimari us clause ki list mein hai hi nahi. Isliye yeh waiting period mere case mein lagti hi nahi. Main aaj sirf ek request lekar aaya hoon — meri claim ka fair review hone de, aur IRDAI ke guidelines ke mutabiq mujhe mere haqqaniyat ka paisa milna chahiye."

"Sir/Ma'am, namaskar. Mera naam Vikas Gandhi hai, complaint number NOI-H-056-2526-0961.

ACKO ne meri health claim ₹37,358 ki reject ki — reason diya: Specific Illness Waiting Period, Policy Annexure item — 'Any Surgery of the genitourinary system.'

Sir, main yeh nahi keh raha ki clause galat hai. Main keh raha hoon ki ACKO ne us clause ka **exception** ignore kiya.

Clause mein likha hai: 'unless necessitated by malignancy.' Meri biopsy report mein **Lichen Sclerosus — jo BXO yaani Balanitis Xerotica Obliterans hai** — confirm hua. Yeh medically ek pre-malignant condition hai jisme penile cancer ka direct risk hota hai. Surgery isliye zaruri thi ki is pre-malignant tissue ko hataya ja sake aur malignancy rule out ki ja sake.

Clause ka exception mere case mein exactly fit hota hai — lekin ACKO ne isse ignore karke claim reject kar diya.

Doosri baat — meri policy mein sirf Obesity declare ki gayi thi. Koi genitourinary condition pehle se nahi thi — yeh naya, acute, emergency condition tha.

Main sirf apna haqqaniyat maang raha hoon — fair review aur claim settlement."

 SECTION 6: BXO KYA HOTA HAI — SIMPLE EXPLANATION

(Agar Ombudsman pooche ki BXO pre-malignant kaise hai)

"Sir, BXO yaani Balanitis Xerotica Obliterans ek chronic inflammatory condition hai. Medical literature mein yeh established hai ki BXO se penile squamous cell carcinoma ka risk 4 se 6 percent hota hai. ACKO ki policy mein likha hai 'unless necessitated by malignancy' — iska matlab sirf confirmed cancer nahi, balki malignancy risk bhi shamil hai. Isliye doctor ne surgery ki aur biopsy bhi karaya — yahi to proper medical practice hai."
